

H. HENDY ASSOCIATES DESIGNS CREVIER CLASSIC CAR COMPANY

Leading Architecture Firm Captures California's Car Culture, Blends Vintage with Modern, in the Design of Orange County's Newest Automotive Club

NEWPORT BEACH, Calif.—January 11, 2007— Leading commercial interior design firm H. Hendy Associates was selected by local business leader Don Crevier to design the new Crevier Classic Car Company club in Costa Mesa, Calif. Crevier, known throughout the community for leading the largest-volume BMW dealership in the nation, secured the design talent of H. Hendy Associates to build a modern Orange County storeroom with vintage clubhouse appeal for classic cars and their proprietors. Located near the John Wayne Airport, the 28,000-square-foot facility will include space to house approximately 100 classic and exotic cars and offer an exclusive club for the facility's members.

"Don Crevier's vision for the Crevier Classic Car Company is iconic of Southern California's love affair with their cars, and provides a place where the artistic beauty of the automobile can be showcased in a museum-quality setting," said Leslie Bradley, principal of H. Hendy Associates. "We have created a space inspired and staffed by car enthusiasts for car enthusiasts."

Drawing inspiration from old Bogart movies and Packard clubs, H. Hendy incorporated luxurious appointments such as vintage artwork, a lounge area with banquette seating and pool table. The club's polished marble floor, custom wool carpeting and matte chrome finishes all support the vision for a 1930s-stylized lounge married with hi-tech accoutrement necessary for superior security and storage, like 24-hour surveillance and online video access.

"H. Hendy Associates has implemented a design that extends beyond

a simple storage garage and offers an interactive experience where car collectors can come together,” said Don Crevier, owner, Crevier Classic Car Company. “Their carefully-crafted design elements evoke a refined energy and excitement that automotive aficionados know well. Coupled with added features like our experienced onsite technicians and museum-quality storage showroom, the club is a virtual mecca for car enthusiasts.” The building of the facility, located at 365 Clinton Avenue in Costa Mesa, Calif. is in development and slated to open its doors in early 2007. H. Hendy Associates has also been selected to work with Crevier on an automotive museum which is currently in planning stages.

About Don Crevier

Crevier BMW, founded in 1971, sells and leases over 4,800 new and pre-owned BMWs a year. Don Crevier became a full partner with his father at Crevier BMW in 1975. Crevier BMW is the number one selling BMW dealership in the Western United States and has been the number one selling dealership in California for over 10 years. Year after year, Crevier BMW has earned the distinction of being one of the most awarded BMW dealerships in the U.S. In 2005, Crevier BMW ranked eighth on the Ward's Dealer Top 500 List. The list is based on annual revenues, sales and customer service among thousands of dealerships nationwide. Both Don and his father Bob Crevier are recipients of the Time Magazine “Quality Dealers” Award. For more information on Crevier BMW please call 800-834-4BMW or visit www.crevierbmw.com.

For more than 25 years, H. Hendy Associates has provided interior architectural services to a prestigious client list including Nike, Verizon, Rockwell Collins, Ameriquest Mortgage Company, Pacific Sunwear, Buy.com and more. Consistently rated in the top design firms by Interior Design magazine, the company offers a full spectrum of services from strategic planning, creative design interior architecture services and ongoing facilities management. H. Hendy Associates is the only Newport Beach-headquartered company honored in the Interior Design Top 100
